

20 August 1958

Mr. Lloyd:

Colonel White did not have an opportunity to read this memorandum from Matt Baird prior to his leaving.

Matt's memorandum is a reply to Col. White's comments on a report on the Operations Familiarization Course prepared by [REDACTED]. Matt had sent [REDACTED] to the Course as an observer and forwarded the resulting report and recommendations to Col. White for comment.

The attached background papers will be helpful to you, but we do not have a copy of [REDACTED]' report.

No action by the Deputy Director (Support) seems to be called for. However, I believe that you will want to be familiar with the matter. Also, I believe that Colonel White may want to see these papers upon his return.
